Genolier October 3rd 2009

To Whom It May Concern:

exida Certification S.A. hereby confirm that the Beta Pressure and Temperature switches will be certified to be capable for use in up to IEC 61508 SIL2 applications.

Details are documented in the FMEDA and Assessment reports which will be released shortly.

Yours sincerely

A handwritten signature in black ink, appearing to read "Pet S", written in a cursive style.
